Annual Fund Impact Report

CHICAGO BOOTH

The University of Chicago Booth School of Business

THE UNIVERSITY OF
CHICAGO
CAMPAIGN
INQUIRY & IMPACT

Thank you.

The Chicago Booth Annual Fund sustains the school's fundamental strengths—our world-class faculty, top-performing students, and global reputation for educating leaders and creating knowledge with enduring value. Your support of the Annual Fund allows Booth to maintain its excellence.

Annual Fund Impact

The Chicago Booth Annual Fund ended fiscal year 2018 (July 1, 2017–June 30, 2018) with even greater record-breaking success than last year. Through the extraordinary generosity of our donors, the Annual Fund exceeded its \$9 million goal by **23 percent**, bringing in **\$11.1 million** in FY18—the most money ever raised in a single year.

Gifts to the Annual Fund made the following possible:

- **CURRICULAR INNOVATION:** Building on its flexible curriculum, Booth added 16 new classes, including “Experimental Marketing,” “Data Science for Marketing Decision-Making,” and “Responsible Leadership through Choice Architecture.” New courses are developed to address the interests of our students and faculty as well as the needs of the continually evolving and complex business world.

- **FACULTY RESEARCH:** Booth’s world-renowned faculty produce cutting-edge research and rigorous scholarship in an array of disciplines. FY18 was a momentous year particularly for behavioral science at Booth. In addition to **Richard H. Thaler**, Charles R. Walgreen Distinguished Service Professor of Behavioral Science and Economics, winning the 2017 Nobel Memorial Prize in Economic Sciences, Booth behavioral science professors **Nicholas Epley**, John Templeton Keller Professor of Behavioral Science and Neubauer Family Faculty Fellow, and **Ayelet Fishbach**, Jeffrey Breakenridge Keller Professor of Behavioral Science and Marketing, were named corecipients of the Career Trajectory Award by the Society of Experimental Social Psychology (SESP). The award is one of firsts: it is the first time SESP has awarded the prize

to two scholars simultaneously; Booth’s behavioral science group is the first and only department to have two award winners; and the University of Chicago is the first university to have two winners on its faculty.

- **FACULTY RETENTION AND RECRUITMENT:** Booth successfully welcomed eight new faculty members and ended the 2017–18 academic year by recruiting a string of outstanding professors for the coming year, such as **Sendhil Mullainathan**, university professor and professor of computation and behavioral science, from Harvard University. He will lead an initiative that intersects human and machine intelligence.

The school also internally promoted nine professors and appointed four new chair holders.

- **SCHOLARSHIPS:** One of our key priorities is to attract the best talent and enroll every student in whom we see great promise. Examples of recent scholarship recipients include **Arunkumar Loganathan**, who is among the first generation of his family to attend college and plans to help other first-generation students in his community, and **Danielle Kutasov**, who plans to use her Booth MBA to change the way technology companies approach large-scale global challenges. Given her experience helping governments adopt user-centered, data-driven methods, Kutasov plans to work within the technology industry to ensure that companies are effectively partnering with the public sector to jointly address society’s thorniest problems, from healthcare to urban mobility.

Meet Us at a Million Impact Challengers

“Initially, I felt an obligation to give back, as my MBA had provided me with so much. Many years later, I realize the significance of the Annual Fund at Booth. The Annual Fund allows the dean and top school leadership to pursue dynamic initiatives that distinguish Booth from all the other schools.”

—RICHARD FRIEDMAN, '81

“The world needs institutions like Chicago Booth, no question. I am assuming people who did not attend are not going to support it, so those of us that did had better.”

—J. McLANE, '03

“By contributing to the Annual Fund, I know I am making a difference. I hope that my contribution helps to encourage others to do the same, to help make the institution an even stronger place that makes a difference in people’s lives.”

—ANTON GOLOBIC, '71

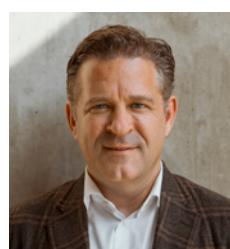

“Giving back is a virtuous cycle. We know that when we make a gift, we are giving the school the resources it needs to be the best of the best. Whether it is through hiring the best professors or recruiting the best students, alumni gifts allow the school to compete with other elite business schools.”

—ANN V. NICHOLSON AND
JAMES B. NICHOLSON, '67

“Booth provided me with the framework as to how to think about problems, and then how to use it to solve these problems. This way of thinking has benefited me greatly, and I’m sponsoring this challenge to ensure that the next generation of students is provided with the same tools.”

—JOHANNES P. HUTH, '86

“It’s important to remember the role every person and institution has had on your journey. Through supporting the school, you recognize the role Chicago Booth played in your life, and you ensure that it continues to be the best experience for students that come after you.”

—ANDREW BENJAMIN SUGERMAN, '97

“Through this challenge, I hope to motivate people in some small way to engage with Chicago Booth. By engaging with the school, including through giving, our community becomes stronger. To truly benefit from the community, you have to engage, and for the community to succeed, we have to participate in it.”

—JACK LEVENTHAL, '91

“Giving back to the school has been an incredibly rewarding experience. You see the effects of it, especially in Hong Kong. You see the physical building going up, and you feel great about it. No other experience can bring you a similar kind of sense of achievement, I think.”

—ELAINE LINGYING ZONG, '98

Reconnect 2018

Reconnect 2018 was a smashing success, with a grand total of 1,346 reunion alumni in attendance! Congratulations to the classes of 1998, 2008, and 2015, as well the Half-Century Club and the Executive MBA Program, for setting new attendance records!

2018 was the first year to conduct reunion fundraising for the Executive MBA Program (XP). A total of eight XP gift chairs were recruited and were crucial in connecting XP alumni with the school. Many of these gift chairs increased their giving, and because of their hard work, the attendance record for Xperience was at an all-time high.

The classes of 1968, 1993, 1998, 2003, 2008, and 2017 met and exceeded their dollar goals. These classes played a large part in the overall \$9,185,110 raised for Chicago Booth by reunions.

**Class of 1998 gift chair

\$100,000

as a Meet Us at a Million challenger to encourage the reunion alumni community to give to their class campaigns. Reunion gifts made between April 12 and June 1 were matched by this campaign, doubling the impact.

Class Gift

The class gift campaign at Chicago Booth is the beginning of a lifelong tradition of annually supporting Booth with time, effort, and dollars. By giving, each class makes a public commitment to investing in the school, ensuring the continued success of the institution, and participating in a robust philanthropic community that supports essential Booth programs.

The Full-Time MBA Program class of 2018 was incredibly generous this year, raising \$147,826 with 94 percent of the class participating by making a gift.

2018 Class Gift Campaign: Why I Give

"As someone who came to Booth from outside the US, I find that the mission of this class gift really resonates with me. I've personally seen how much diversity enriches our community, whether it's discussions in class or the personal connections we make here. Sharing this journey with people who have different perspectives is so much of what the experience is about."

JESUS BADIOLA, '18

"I consider myself so lucky to have been given the opportunity to be a part of the Booth community. From the lifelong friendships I've made to the experiences—both in and out of class—that I was only able to be a part of because of Booth, these two years have positively impacted my life in more ways than I could have ever imagined. I am giving to the class gift because I want to do whatever I can—however small—to make sure others can share in the joys of the Booth experience."

EESAN BALAKUMAR, '18
