RESEARCH PROFESSIONAL

Professor Rebecca Dizon-Ross is looking for highly skilled and motivated individual to work as a full-time research assistant for a period of at least one year. The preferred start date is July 1, 2022, although an earlier or later start can be accommodated. Applications are reviewed on a rolling basis. The first review is April 15, 2022, and applications received after this date will continue to be reviewed until all positions are filled.

The job will entail close collaboration on a number of new and ongoing projects using tools from applied microeconomics to answer questions across several fields, specifically: development, labor economics, behavioral economics, health economics, and education. The projects will represent a mix of randomized field experiments conducted in both the US and developing countries, and projects analyzing existing data. Previous holders of this position at Chicago Booth have gone on to Ph.D. programs at Harvard, MIT, Princeton, and the University of Chicago.

If interested, please fill out our online survey (https://docs.google.com/forms/d/e/1FAIpQLSc6pVNfJcqVPCrC2rvrbF5QphO_-b3zwDGPEWpp8m-Rb73r7g/viewform?usp=sf_link) and this formal application (https://uchicago.wd5.myworkdayjobs.com/en-US/External/job/Hyde-Park-Campus/Research-Professional_JR15871-1).

The ideal candidate will have (i) a strong quantitative background, (ii) strong computer skills including programming, (iii) the ability to work independently to solve problems, (iv) strong communication skills and ability to work with partner organizations, and (iv) a long-term interest in pursuing research in economics. Background in economics is a plus, but not necessary—we welcome candidates with strong technical backgrounds who are looking for more exposure to economics. We pay a competitive salary and provide standard benefits such as health insurance.

Research staff build invaluable and collaborative relationships with Chicago Booth faculty and fellow research staff by engaging in UChicago’s rigorous intellectual environment. While at Chicago Booth, research staff hone their research skillset and engage in dedicated programming that prepares them to undertake independent research. To learn more about roles at Booth, visit https://www.chicagobooth.edu/faculty/research-staff/life-at-booth. To learn more about pre-doctoral roles like this in general, and to find other opportunities, please visit https://predoc.org.

Chicago Booth is dedicated to creating an environment where people of different backgrounds, broadly defined, feel valued and where their ideas and contributions can flourish. Chicago Booth welcomes applications from women, persons with disabilities, veterans, and under-represented groups. If you need an accommodation to apply to a Chicago Booth Research Staff Program, or if there are other factors impacting your ability to apply to an open position, please email ResearchProfessional@lists.chicagobooth.edu.

The University of Chicago provides equal employment opportunities to all employees, applicants, and job seekers. No person shall be discriminated against in employment or harassed because of race, color, religion, sex, sexual orientation, gender identity, national or ethnic origin, age, disability, veteran status, genetic information, marital status, parental status, ancestry, source of income, or other classes protected by law. This policy includes the commitment to maintaining a work environment free from unlawful harassment.
